IDZOR TAB800 Rugged Industrial Tablet

Android / WiFi / Bluetooth /
4G / Dual SIM card

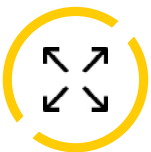

Good ideas and best solutions

Product Features

Android 8.1 operating system

IDZOR TAB800 is a portable, rugged, enterprise-class business tablet. TAB800 target use can be work with software, play audio and video files, download applications from Google Play. Installation of your own applications, integration with the cloud provides synchronization of information on all Android devices.

8" screen with 800x1280 resolution

Optimized multi-touch screen, equally well reacts to the touch with gloves and stylus. The pixel density, the ability to play high-definition video, contrasting drawing details, make this screen optimal for working with various applications, browsing the web, studying, reading and streaming content.

Internal memory and slot for micro SD

3GB RAM and 32GB ROM allow you to work with any data and multimedia files. Resource memory capabilities allow you to work with a large amount of data without loss in OS performance and speed. If necessary, use the micro SD memory expansion slot up to 256GB.

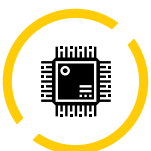

Dual SIM support

The tablet has slots for using two SIM cards. Slots were developed to use nano-SIM. The functional feature of the solution allows you to simultaneously use SIM cards of different mobile operators for receiving calls or connecting to the Internet in different coverage areas.

Wireless communication

The tablet is equipped with the most advanced technologies of mobile communication in wireless networks. The optimized WiFi module instantly communicate with access points and connects to the internet or to the local network. Bluetooth 4.1 module allows you to connect external devices with one click. Uninterrupted modules of wireless communication: GSM / GPRS / 2G / 3G and 4G LTE.

Optimally balanced processor

Quad-core processor 2.2 GHz provides the maximum processing speed applicable to the hardware configuration of the tablet with this class. Fast menu operation, fast application response, data processing, and various settings perfectly reflect the improved performance of the tablet hardware and open up maximum possibilities for the user to increase the efficiency of business processes.

IDZOR TAB800 Specifications

Operation system	Android 8.1
CPU	Qualcomm MSM8953
Frequency	2.2GHz
Core quantity	8 (Octa-core)
Screen size	8"
Resolution	800*1280
Screen size	Stylus support and gloves
Color depth	16 million
Stylus support	Yes
Camera	Front 5MP, Rear 16MP (Sony sensor)
Scanner	Optional
RFID module	Optional
Autofocus	Yes
Flash	Yes
Video recording resolution	FHD (1920 x 1080) @30 screen /sec
RAM	3GB
ROM	32GB
User accessible memory	Min. 22GB
External memory	Till 256GB
Slots	SIM x2, x1 MicroSD
SIM type	x2 nano SIM (dual standby)
Wireless Modules	2G GSM, 3G WCDMA, 4G LTE FDD, 4G LTE TDD
2G GSM	GSM:850/900/1800/1900
3G UMTS	WCDMA:B1/B2/B5/B8; CDMA: BC0; EVDO: BC0
4G LTE	TD-SCDMA:B34/B39; TDD-LTE:Band38/Band39/Band40/Band41; FDD-LTE: Band1/Band2/Band3/Band4/Band5/Band7/ Band8/Band17/Band20/Band28
ANT+	B38(2600), B40(2300)
USB	USB Type C
Geolocation	GPS/GLONASS/BEIDOU/GALILEO
Headphone jack	Yes
WIFI	802.11 a/b/g/n/ac
WIFI direct	Yes
Bluetooth	4.1
NFC	Yes
Sensors	E compass, G sensor, G gyroscope, light sensor
Buttons	Power "on / on"; Volume "+", "-"; F1, F2
Dimensions	235 x 146 x 13mm
Weight	560 g
Quick charge	Yes (QC3.0)
Battery Capacity and Voltage	8000 3.8V
Replaceable battery	Yes
Video playback formats	MP4, M4V, 3GP, 3G2, WMV, ASF, AVI, FLV, MKV, WEBM
Audio formats	MP3, M4A, 3GA, AAC, OGG, OGA, WAV, WMA, AMR, AWB, FLAC, MID, MIDI, XMF, MXMF, IMY, RTTTL, RTX, OTA, DSF
IP	67
Drop test	1.2m concrete floor
POGO PIN	Yes
